

Town Topics.

Study time is again in our midst. The school bell will ring again Monday morning.

Ignorance is the most expensive thing in the world, and education brings the largest dividends.

We regret to note the severe illness of Mr. and Mrs. W. R. Milton's little baby, but we hope it may soon recover.

The busy season is right here, and while we are all hustling let's get behind the good things that will upbuild our county and town.

Mr. Ennis is wearing a smile that covers his whole face this week. A little boy came to make his home his abiding place last Thursday night.

By and by, when aeroplanes and airships become perfected, floods will no longer stop transportation. People will fleet calmly above them.

You are cordially invited to attend the Fall and Winter Millinery opening of the Misses Richardson on Tuesday and Wednesday, October 11th and 12th.

Every democrat in Washington county should do his duty this year by being loyal to the nominees of his party, and help to roll up a big majority for the ticket.

We had a communication this week from County Commissioner J. T. Hightower, addressed to the Panama City Pilot, but owing to the length of it we have not room to publish it this week.

A communication from Caryville came too late for publication this week. Correspondents must get their favors to us not later than Tuesday night to insure publication in the current issue. Please remember this.

A sunny temper is a public benefaction. Nor is it hard to acquire. A little denseness to disagreeable things, a quick remembrance of past good, a bit of determination, a cheerful song in the heart, are all required.

You may not like the editor; you may not like the paper; you may not like the religion of your clerks; you may not like sugar in your coffee, but you do like to see the goods going out of your store and the money coming in. Moral: Advertise liberally.

The sweet potato crop is said to be short. That is too bad. The sweet potato is like Uncle Rastus' rabbit, good baked, fried, roasted, boiled, stewed, and made into custards and pies and would tempt the appetite of the most particular epicurian.

There are two classes of human beings in the world—the useful and the useless. To which class do you belong? The useful class consists of those who work, and besides maintaining themselves, does good to others. The useless class consists of drones, those that do nothing, and even if they put forth any effort it is for their own welfare and does no good for anybody else.

Just Received

Jonathan Apples,
Celery,
New York Cheese,
All kinds of crackers,
Dark brown sugar for cake making.

—W. J. Schell.

They Can't Get Our Space.

The Banner accepts no whiskey advertisements. We make no charge for publishing legitimate news matter on any subject of general interest, but we decline to publish harrangue of the local option (whiskey) campaign committee.

The managers of the local option (whiskey) campaign sent the Banner a batch of matter for publication last week, with instruction to publish and send bill; and also stating that other matter would follow. The matter found a resting place in the waste basket, and we informed the "committee" that they did not have enough money to buy a line of space in our paper.

We need money—all we can get honorably; but the liquor forces in Florida, under the guise of local option, can't get space in our paper for the publication of any matter calculated to extend the privilege of that class in the sale of liquor.

Chipley High School to Open.

The Chipley High School will open for the 1910-1911 session next Monday morning with the following roll of teachers:

Prof. R. W. VanBrunt, Principal.

Prof. A. C. Palmer, Asst. Principal.

Miss Florence Collins,
Miss Inez Robertson,
Miss Anis Horne,
Miss Pearl Whitaker,
Miss Florida Harding,
Miss Callie Hentz.

We predict that the ensuing school year will be the most prosperous and produce better results than ever before; in fact we know it will if the patrons will give the teachers their hearty co-operation.

W. C. T. U. Column.

A large number of ladies interested in the cause of temperance answered the roll call of the W. C. T. U., at the Baptist church, Tuesday afternoon. Quite an interesting program was carried out among the members of which was an article read by Mrs. Blake, "The shoemaker and little white shoes," and one by Miss Crim entitled "The woman in the amendment."

The report of committees showed a rapid growth in the Unions throughout the county. A new Union organized at Wausau and one ask for at Piney Grove.

The liquor forces of the state are very active and according to reports which are authentic, they are spending money pretty freely, too. It behooves the good people of our fair state to get busy also. The whiskey interests will move heaven and earth, so to speak, to carry their point and prevent the adoption of the prohibition amendment, and they will succeed too, if the best people of the state do not get busy and turn a trick or two themselves. Men and brothers, you who have the best interest of the county and state at heart, we earnestly urge you to rally to the support of the amendment; never let an opportunity pass without speaking a good word for it and when election day comes go and vote for it.

No man is really a fool unless he can be fooled the same way twice.

B. Blake & Co. are making a special sale on Handkerchiefs, Collars and Belts for 10 days. Get you a supply while they they are cheap.

J. W. Bowen returned Saturday from New Orleans bringing with him his wife who has been there for the past month in the sanitarium. We are glad to say she is much improved.

HINTS TO FARMERS.

Now is the time that you realize on your season's work.

As you sell your cotton, grain, stock or other produce, place your money on open account with a reliable bank.

Pay all your bills by check, which makes the best kind of a receipt, and avoid the worry and danger attending the carrying of large sums of money.

Our offices are always at the disposal of our customers and country friends.

The First National Bank OF CHIPLEY.

"Hardware."

There are a great many people who do not fish, that are the biggest liars in the world.
